

Certification Framework

The program for the RESET Practitioner Training (RPT) is always subject to change (depending on the emerging needs of the facilitators and participants), however the following is the intended Program for your experience as outlined by World Doctor (WD):

Certified Reset Practitioner

Pre-requisites

- Completed all online modules.
- Completed five day reset practitioner training
- Facilitated a minimum of three reset programs, therefore 9 sessions in total (either online or in person). Each program is to include at least one of each module (ground, expand, transform), conducted in multiple sessions. Both parties are to complete a review of each session as feedback and reflection (WD to provide review template). This review is to be submitted to WD to ensure appropriate guidance and support is in place for both parties.
- Pass WD observation of competency and aptitude .

Outcomes and benefits

- Can facilitate Reset with clients (and can charge).
- Can work at WD events and retreats (with remuneration).
- Listing as a Certified Reset Practitioner on the WD Website.
- Membership of the Certified Reset Practitioner community, including opportunities for collaboration and mutual support.
- Ongoing access to online resources and training materials.
- Opportunities to participate in leading edge research.
- Discounts on attending Reset Retreats and Reset Practitioner Training.
- The right to use the WD Certified Reset Practitioner logo and certification in your marketing materials in accordance with our brand guidelines.

Annual commitments

- Comply with WD Practitioner Agreement.
- Annual membership fee \$180 AUD

A trainee has 6 months to complete the requirements for certification. If they do not do so, they are unable to use the reset process and materials beyond that time. Prior to certification (and within that 6 month window), a trainee may offer reset on an unpaid basis as part of their training, and must advise their clients that they are in training.
